Riverboat Life

Wave at the locals, drop a line in the river or simply just sit back and enjoy the Hawkesbury. It is time to switch off your mobile phones and get back to what life is really about.

There is so much to do, or nothing to do, it just depends on what sort of holiday you had in mind. With the Hawkesbury as your back drop, you can spend your days cruising, swimming or just catching up with conversations that life is too busy to include.

To get the most out of your days, our vessels come complete with sun decks that are beautifully finished with large shade canopies, outdoor furniture, a BBQ and a built in ice box for that leisurely afternoon in the sun. It also features a rear swim deck which acts like your own private beach for endless amounts of fun.

With a play ground of 112 kms of clean water running through the river, you will find an area filled with enormous ecological value. If you include all the secret waterways that will allure you, there is 145 km of river to explore and fall in love with. If you do get lost, with the latest navigational equipment, we will always know where to find you.

Feel free to let that extra baggage slip away and get willingly lost in the Hawkesbury.
